

WHICH APP IS RIGHT FOR ME . . .

ServusMobile or ServusTechnician?

ServusConnect has two easy-to-use mobile apps that can be freely downloaded from Apple & Android's app stores. But which one is the right one for you or your team members? Great question! Check out the synopsis below for further explanation...

ServusTechnician

This app is all about focus and simplicity. It is ideal for Maintenance Technicians working on one or more properties who only need to see their request, not everyone else's. If your goal is to keep it simple for your techs, ServusTechnician is for you!

What's in this App?

- ✓ Designed for Service Pro/Technicians only
- ✓ Linked push notifications
- ✓ View only requests assigned to a user
- ✓ Can re-assign requests to others on team
- ✓ Optimized for smartphone screen sizes
- ✓ Requires cellular or wi-fi connection

ServusMobile

This is our full-feature mobile app - it provides all the functionality you and your team will need to do the job. (Hint - if your Tech's to self-assign service requests, ServusMobile is the right choice!)
